

The 3rd International Symposium Of Maritime Sciences

The 3rd International Symposium of Maritime Sciences will be held in Kobe, Japan, from November 10th to 14th, 2014. This symposium is hosted by the Graduate School of Maritime Sciences, Kobe University, Nippon Kaiji Kentei Kyokai, and Maritime Science Promotion Foundation of Kobe University, for graduate students and young researchers studying and researching in the fields of maritime sciences. We invite students and academic staff members from overseas partner universities and domestic universities and colleges to participate in the symposium. Last time, which is referred as 2nd East Asia International Student Symposium on Maritime Sciences, we had 52 participants from 15 universities and colleges.

Date: November 10th to November 14th

Venue: Graduate School of Maritime Sciences, Kobe University

Symposium Contents

- Keynote Speech
- Oral Session by student participants
- Oral Session by academic staff participants

Program (Tentative)

November 10th	Arrival, Reception
November 11th	Opening Ceremony, Keynote Speech, Oral Session
November 12th	Oral Session, Culture Exchange Program
November 13th	Optional Tour by Students
November 14th	Departure

Keynote Speech

- "NO_x emissions from maritime shipping in European seas inferred from OMI satellite NO₂ observations and the updated GEOS-Chem CTM"
Mr. Geert Vinken (Ph.D. candidate, Eindhoven University of Technology)

- "Development and Implementations of NEOWAVE for Tsunami Hazard Assessment"
Dr. Yoshiki Yamazaki (Post-doctoral Research Fellow Department of Ocean & Resources Engineering University of Hawaii at Manoa)

Important Dates (Extended)

- June 13th Due day of Registration
- July 4th Due day of Submission of Abstract
- July 18th Notification of Abstract Acceptance
- September 30th Due Day of Submission of Final Paper

Topics

- Atmospheric and Environmental Science
- Electric and Electronic Systems
- Engine Technology and Energy Conversion Systems
- Marine Engineering
- Marine Environmental Conservation
- Maritime Safety Management and Education/Training
- Maritime Transportation and Logistics Sciences/Economy
- Operation and Information Systems
- Ocean Safety System
- Oceanography
- Ship Navigation
- Other Topics Concerning with Maritime Sciences
